"We are definitely pleased with our Caruana Construction built home. We love the floor plan, and overall fit, function and quality of the construction. We would certainly buy or build another Phil Caruana home and have recommended you to our friends"

Col. and Mrs. Ford

"We are forever grateful for running into Phil when looking for a home. His passion for building was infectious. His easy going no-nonsense manner relieved our fears as first time home buyers. We liked being completely involved during the planning and building phases. We had no bad experiences... the entire team was responsive to our requests, questions or anxiety attacks! Phil Caruana can build for us anytime...we are probably your biggest fans!"
